## **Cancer Outcomes Conference 2013** **Intelligence – the primary driver of cancer outcomes**

### **Programme at a glance**

#### **DAY ONE – 12th JUNE**

**12:00 – 13:30**      **Conference registration**

**12:00 – 13:30**      **Lunch**  
**Exhibition and demonstrations**

**13:30 – 15:00**      **Plenary session: the vision for disease registration**  
**The Brian Cottier session**

*Recent years have seen the publication of cancer strategies from the four nations of the UK. For Northern Ireland - Cancer Control Programme, for Wales - Designed to Tackle Cancer, for Scotland - Better Cancer Care, An Action Plan, and, under the coalition government's reforms of the NHS in England - Improving Outcomes: A strategy for Cancer, with its aim to "orientate the NHS, public health and social care services towards delivering the improvements in outcomes which matter – rather than measuring processes which do not".*

*A modern cancer registration infrastructure is now in place, to allow for the real-time data collection of cancer outcomes over the entire cancer care pathway for all patients treated in England. This plenary session will scope out the future for cancer registrations in England and the impact of UK wide intelligence on public health. It will also introduce Public Health England's vision for cross-disease intelligence and how this data will be used to meet the outcomes of Domain One – preventing people dying prematurely.*

**15:30 – 17:30**      **Workshops**

- Patient outcomes and policy
- Data processing, management and quality
- Analysis of cancer outcomes

**17:30**                      **Close of day one**

**19:00**                      **Early career researchers – meet and greet/dinner**

**This programme is subject to change**

## DAY TWO – 13th JUNE

**08:00 – 09:00** Conference registration for delegates arriving on day two

**09:15 – 10:30** Plenary session: Research into practice

*It is essential that future developments to the cancer research environment anticipate the challenges and opportunities of change as it does so. This session will concentrate on how the Strategy for Life Sciences, Open Data, New Centres of Excellence and other policy & infrastructure changes are shaping the way researchers within the UK are able to access, process and analyse cancer data.*

**10:30 – 11:00** Refreshments  
Exhibition and poster viewing

**11:00 – 12:30** AM Parallel sessions

- Co morbidities
- Understanding patient experience
- The cost of cancer

**12:30 – 14:00** Lunch  
Exhibition, demonstrations and poster viewing

**14:00 – 15:30** PM Parallel sessions

- Information & intelligence changing practice
- Screening, prevention and diagnosis
- Living with and beyond cancer

**15:30 – 16:00** Refreshments  
Exhibition and poster viewing

**16:00 – 17:15** Plenary session: Does what we know change what we do?

*Speakers will explore how translation of knowledge into outcomes remains a substantial obstacle to improving the quality of care. It will focus on implementation and factors associated with successfully translating research findings into diverse applied settings.*

**19:00** Pre dinner reception in the exhibition hall

**19:30** Conference dinner and entertainment

**This programme is subject to change**

## **DAY THREE – 14th JUNE**

**08:00 – 09:00** Conference registration for delegates arriving on day three

**08:00 – 09:00** **AGM of the UK Association of Cancer Registries**

**08:30 – 09:30** Refreshments  
Exhibition and poster viewing

**09:30 – 11:00** **AM Parallel sessions**

- Less common cancers
- Disparities in cancer outcomes
- Applied epidemiology

**11:00 – 11:30** Refreshments  
Exhibition and poster viewing

**11:30 – 12:45** **Plenary session :**  
**What can we learn from others? What can others learn from us?**

*This session will examine what the National Cancer Intelligence Network can learn from other intelligence networks and will then explore what the National Cancer Intelligence Network can share with others; is cancer a model for a new national disease surveillance network?*

**12:45 – 13:00** **Poster awards**

**13:00 – 14:00** Lunch  
Exhibition and poster viewing

**14:00** **Close of conference**
