

# NCIN

national cancer  
intelligence network

---

*Using information to improve quality & choice*

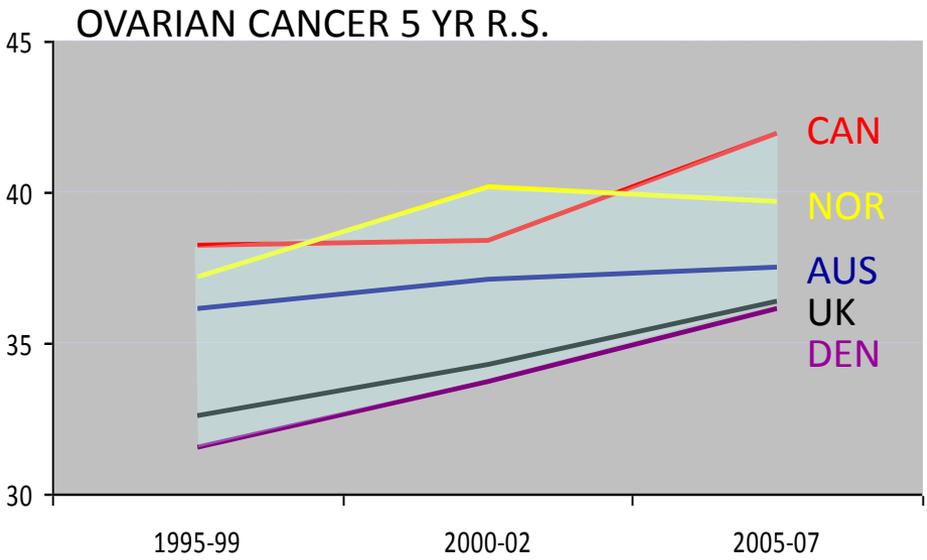

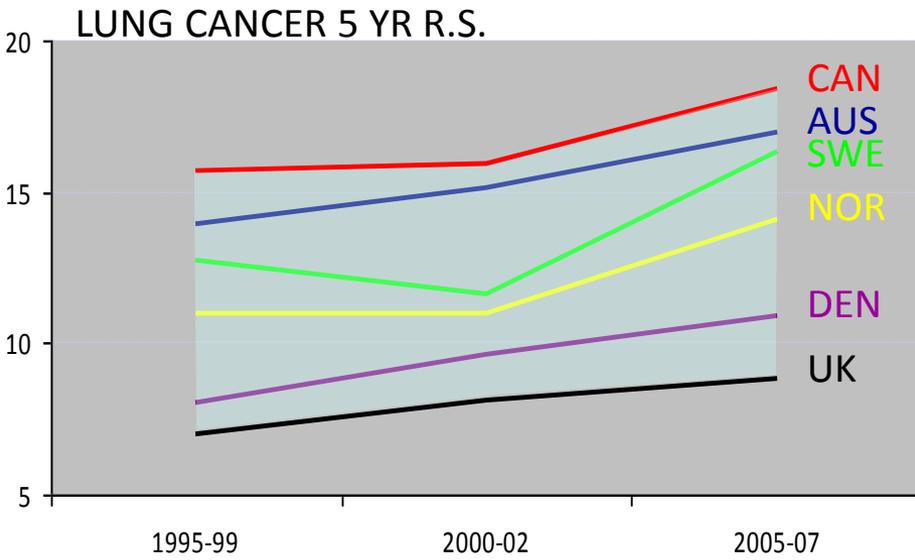

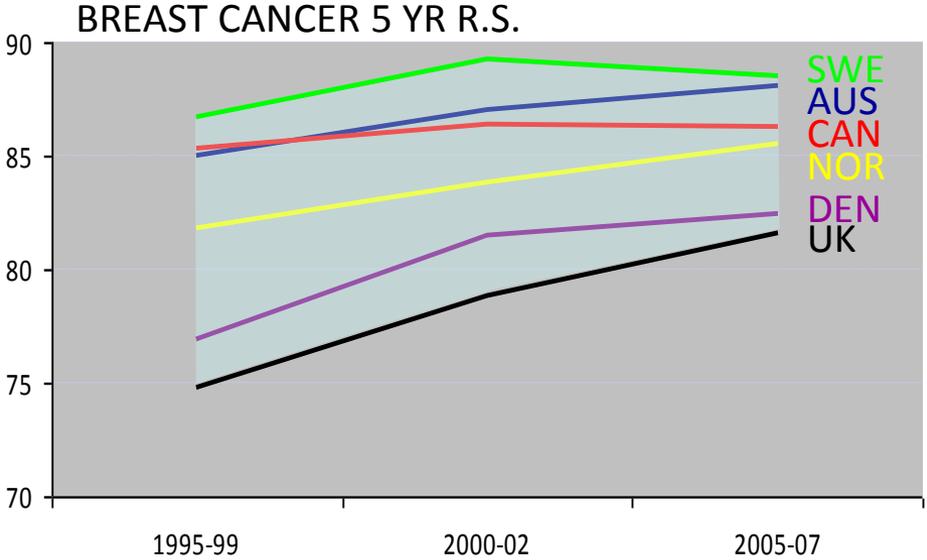

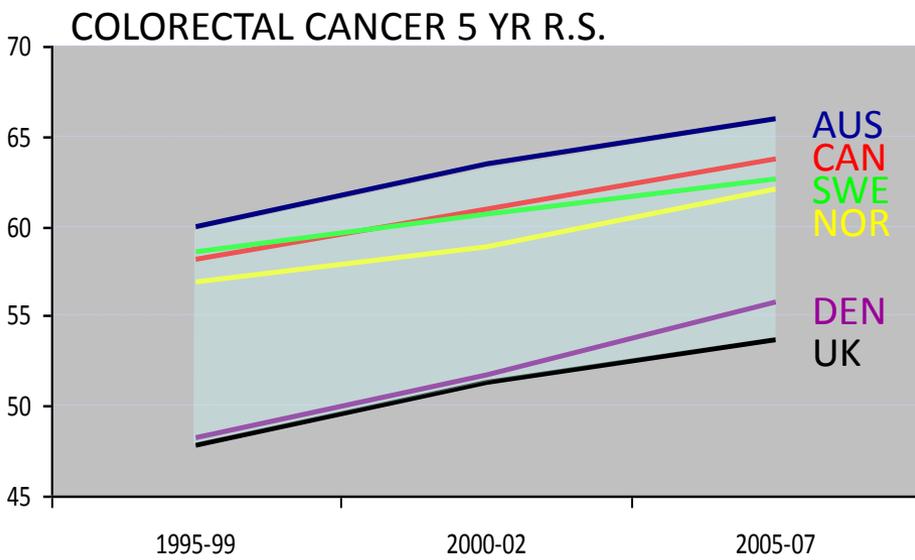

## What is the NCIN?

**Dr Mick Peake**

**Clinical Lead, NCIN**

[www.ncin.org.uk](http://www.ncin.org.uk)

# International Cancer Benchmarking Partnership: Comparative 5 yr relative survival 1995 - 2007

# NCIN

national cancer  
intelligence network

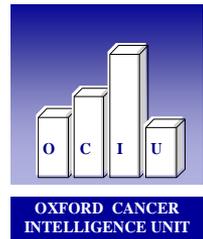

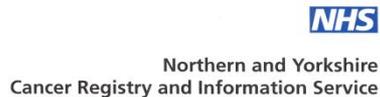

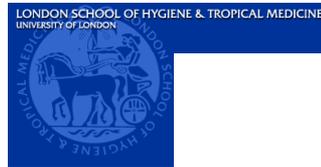

*Using information to improve quality & choice*

**Goal for NCIN: “To develop the best cancer information service of any large country in the world – by 2012”**

**Mike Richards 2007**

[www.ncin.org.uk](http://www.ncin.org.uk)

# NCIN Partners

Using information to improve quality & choice

# NCIN Direct Funders

*Using information to improve quality & choice*

# NCIN Direct Funders

# Public Health England

**WE ARE  
MACMILLAN.  
CANCER SUPPORT**

*Using information to improve quality & choice*

# NCIN core objectives

- Promoting efficient and effective data collection throughout the cancer journey
- Providing a common national repository for cancer datasets
- Producing expert analyses, based on robust methodologies, to monitor patterns of cancer care
- Exploiting information to drive improvements in standards of cancer care and clinical outcomes
- Enabling use of cancer information to support audit and research programmes

*Using information to improve quality & choice*

# Site-Specific Clinical Reference Groups

- **Brain/CNS**
- **Breast**
- **Children, Teenage & Young Adults**
- **Colo-rectal**
- **Gynaecological cancers**
- **Haematological cancers**
- **Head & Neck**
- **Lung**
- **Bone & soft tissue Sarcoma**
- **Skin (including non-melanoma)**
- **Upper GI (including Hepato-biliary)**
- **Urology (all 4 sub-types)**

# Lead Cancer Registries (Knowledge & Intelligence Teams)

Tumour site	Lead Registry
<b>Breast cancer</b>	<a href="#">West Midlands Cancer Intelligence Unit</a>
<b>CNS cancers</b>	<a href="#">Eastern Cancer Registry and Information Centre</a>
<b>Colorectal cancer</b>	<a href="#">Northern and Yorkshire Cancer Registration and Information Service</a>
<b>Gynaecological cancers</b>	<a href="#">Trent Cancer Registry</a>
<b>Haematological cancers</b>	<a href="#">Northern and Yorkshire Cancer Registration and Information Service</a>
<b>Head &amp; neck cancers</b>	<a href="#">Oxford Cancer Intelligence Unit</a>
<b>Lung cancer</b>	<a href="#">Thames Cancer Registry</a>
<b>Sarcomas</b>	<a href="#">West Midlands Cancer Intelligence Unit</a>
<b>Skin cancer</b>	<a href="#">South West Public Health Observatory</a>
<b>Upper GI cancers</b>	<a href="#">Thames Cancer Registry</a>
<b>Urological cancers</b>	<a href="#">South West Public Health Observatory</a>
<b>Children &amp; TYA</b>	<a href="#">North West Cancer Intelligence Service</a>
	<a href="#">Childhood Cancer Research Group</a>

# 'Cross-cutting' Groups

- **Radiotherapy**
  - collection and use of RT data
- **Chemotherapy**
  - development and implementation of dataset
- **Pathology** (with RCPATH)
  - datasets
- **Radiology**: Joint RCR/NCIN working party
  - proforma-based (codable) reporting (diagnosis/stage)
  - extraction of data from RIS systems
- **Co-morbidity**
- **National Cancer Staging Panel**
- **(Health Economics)**

# Site-Specific Clinical Reference Groups

- In place since late 2008
- Very varied 'starting points' (e.g. Lung vs CNS tumours)
- Opinion leaders chosen as chairs
- Multi-disciplinary clinical membership (except primary care!!)
- Lay (patient) and voluntary sector members
- Strong links with professional bodies & National Cancer Research Institute Clinical Study Groups
- Work closely with a lead Cancer Registry
- Chairs' Forum meets twice a year
- Annual workshops with Cancer Network SSG chairs

# Site-Specific Clinical Reference Groups

- Examples of work to date:
  - Annual work programmes
  - General site-specific clinical advice
  - National Cancer Datasets
  - Review of National Cancer Data Repository
  - Production of ‘data briefings’
  - Supporting Peer Review (Clinical Lines of Enquiry)
  - Supporting Map of Medicine
  - Links with National Cancer Audits
  - Feeding into NICE guideline development & Quality Standards programme
  - Development of Service Profiles

# NCIN – Main outputs

- National Cancer Data Repository
- National level reports
- E-Products:
  - eAtlas
  - Cancer Commissioning Toolkit
  - GP Practice & Service profiles
- Data briefings
- Dataset development & implementation
- Clinically-led work programmes
- Analytical programmes with CRUK and Macmillan

# Who do we produce intelligence for?

- Clinicians
- Department(s) of Health/NHS Commissioning Board/Public Health England
- Health Care Providers
- Health Care Commissioners
- Research Community
- National Statistics
- International Cancer Benchmarking Partnership
- Patients and the public

# National Cancer Data Repository (v2010)

## Registry-HES linkage: 1985-2010 (England)

- >8 million tumour records from Registries
  - c. 30 fields of data
- >50 million hospital in patient episodes
  - c. 150 fields of data

## More recently added

- National Cancer Audit data
- Co-morbidity (Charlson Index)
- Radiotherapy Dataset

# Some national reports & analyses - [www.ncin.org.uk](http://www.ncin.org.uk)

- **UK incidence & mortality**
- **One year survival**
- **Deprivation**
- **Prevalence**
- **Ethnicity**
- **Male Cancers**
- **Major Surgery**
- **Routes to Diagnosis**
- **Cervical, Breast and Head & neck cancers**
- **30-day mortality after colo-rectal surgery**

# NCIN: Incidence and mortality

New cancer cases, crude and age-standardised incidence rates per 100,000 (with 95% confidence intervals), Cancer Networks, UK, 2005

Trends in one year cancer survival, England, 1985-2004

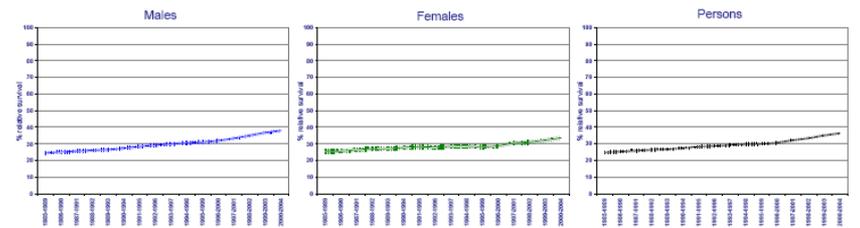

C00-C97 excl. C44: All malignant neoplasms (excl. non-melanoma skin cancer)

## Cancer indicators in Practice 6, ANON PCT (1)

National Cancer Action Team

- Significantly different from PCT median
- Not significantly different than PCT median
- Significance testing not appropriate

Domain	Indicator (Rate or Ratio)	Number	Rate or Ratio	Median Practice	Lowest Practice	Quartile ranges of practice rates/ratios in PCT	Highest Practice
Demographic	Practice Population (% of average practice in PCT)	12874	159.9	94.5	19.8		261.4
	Practice Population aged 65+ (% of population in this practice aged 65+)	1882	15%	14%	0%		26%
	Socio-economic deprivation quintile, 1= affluent (% of practice population income deprived)	3	14%	15%	5%		35%
	New cancer cases (Crude rate - new cases per 10,000 population)	52	383.8	421.6	190.9		557.1
	Cancer deaths (Crude rate - deaths per 10,000 population)	22	126.0	186.6	105.0		282.7
	Prevalant cancer cases (% of population with cancer)	156	1.2%	1.2%	0.1%		3.0%
Cancer screening	Number aged 60-74 screened (breast) in last 30 months (3 year coverage, %)	427	74.0	66.4	34.3		95.0
	Number aged 60-74 screened (breast) within 6 months of invitation (Uptake, %)	222	77.0	70.2	35.9		96.8
	Number aged 24-49 screened (cervix) in last 42 months (3.5 year coverage, %)	426	84.9	68.0	33.2		97.4
	Number aged 60-69 screened (bowel) in last 30 months (2.5 year coverage, %)	239	46.8	69.2	32.7		96.0
	Number aged 60-69 screened (bowel) within 6 months of invitation (Uptake, %)	458	68.8	66.6	33.4		97.4
Cancer waiting Times	Two-week wait referrals (Rate per 10,000 population)	218	169.3	181.4	0.0		403.9
	Two-week referrals with cancer (Conversion rate - % of all T/w/w referrals with cancer)	29	13%	9%	0%		24%
	Number of new Cancer Waiting Time cases (number per 10,000 population)	56	43.5	37.9	0.0		92.9
Presentation & Diagnostics	In-patient or Day-case Colonoscopy procedures (Rate per 10,000 population)	5	15.5	17.4	9.0		23.7
	In-patient or Day-Case Flexi-sig procedures (Rate per 10,000 population)	7	22.4	16.1	8.5		24.0
	In-patient or Day-case UGI endoscopy procedures (Rate per 10,000 population)	13	16.7	17.1	8.1		23.9
	Two-week referrals with suspected breast cancer (Rate per 10,000 population)	47	36.5	38.4	0.0		88.0
	Two-week referrals with suspected lower GI cancer (Rate per 10,000 population)	45	35.0	31.0	0.0		76.5
	Two-week referrals with suspected lung cancer (Rate per 10,000 population)	3	2.3	5.0	0.0		17.2
	Two-week referrals with suspected skin cancer (Rate per 10,000 population)	27	21.0	25.8	0.0		131.1
	Number of emergency admissions with cancer (Rate per 10,000 population)	11	23.5	15.6	8.1		23.9
	Number of emergency presentations (Rate per 10,000 population)	15	15.9	18.2	10.4		29.9
	Number of managed presentations (Rate per 10,000 population)	11	19.5	16.9	8.0		23.9
Number of other presentations (Rate per 10,000 population)	12	15.2	18.5	10.4		29.9
