

Cancer Outcomes- patient perspective

- Doctor, How long have I got?
- What is the best treatment?
- What side effects of treatment?
- Will I be able to go back to normal life- work, holidays?
- What can I do to prevent a recurrence?
- Where can I get best treatment?
- Will I be able to die where I choose?
- Is there a risk that my children will get a cancer?

Cancer Outcomes- service perspectives

- Dealing with diagnosis, treatment etc
- Patient welfare
- Survival/ other outcome comparisons with other providers
- New systems- are they better?
- Costs
- Changing policies
