

National Cancer Dataset Review –
Cancer Site:
BASAL CELL CARCINOMA

Age

Nos

Sex

M, F

Postcode

Text, Nos

- Size of tumour
- Clinical margin
- Def excision – Primary care – gp
 - » CATS – GP, DERM, OTHER
 - » SECONDARY CARE – GP, DERM, OTHER

Data Item Name	Description	Format / Permissible Values	Existing Collection?	Justification for Inclusion
High Risk Site	Lip, ear, periocular, nose, nasolabial, H-Zone of face	Yes / No		

Data Item Name	Description	Format / Permissible Values	Existing Collection?	Justification for Inclusion
----------------	-------------	-----------------------------	----------------------	-----------------------------

High Risk Size	> =2cm	Yes / No		
----------------	--------	----------	--	--

Data Item Name	Description	Format / Permissible Values	Existing Collection?	Justification for Inclusion
----------------	-------------	-----------------------------	----------------------	-----------------------------

High Risk Subtypes	Morphoeic/Infiltrative; Micronodular; Atypical Squamous Component	Yes / No		
--------------------	--	----------	--	--

Data Item Name

Description

Format / Permissible Values

Existing Collection?

Justification for Inclusion

Perineural spread

Yes / No

Data Item Name	Description	Format / Permissible Values	Existing Collection?	Justification for Inclusion
Genetic Syndrome	EG Gorlin's, Xeroderma pigmentosum/other	G, X, O		

Data Item Name	Description	Format / Permissible Values	Existing Collection?	Justification for Inclusion
Immunosuppressed	EG Transplant patient, renal/other	T, O		

Data Item Name

Description

Format / Permissible Values

Existing Collection?

Justification for Inclusion

Recurrent tumour

Yes / No

Data Item Name	Description	Format / Permissible Values	Existing Collection?	Justification for Inclusion
Margins – peripheral	High risk Measure to nearest 0.5mm up to 6mm	Distance mm		

Data Item Name	Description	Format / Permissible Values	Existing Collection?	Justification for Inclusion
Margins – deep	High risk Measure to nearest 0.5mm up to 6mm	Distance mm		

Data Item Name	Description	Format / Permissible Values	Existing Collection?	Justification for Inclusion
Margins – low risk	Involved, borderline <1mm, Clear >1mm	I, B, C
